Docombor 21

Depreciation and amortization expense for the nine months ending September 30, 2001, includes approximately \$1.5 million in additional depreciation due primarily to a change in estimated useful lives for various assets. Of this amount, \$0.9 million relates to various assets, that in December 2000, were determined to be no longer useful once the Company's new operating system was completed. The remaining \$0.6 million of additional depreciation relates to the Company's decision to accelerate depreciation for a piece of communications software that was replaced with a more stable and cost effective software application during the second quarter of 2001.

NOTE 4. Impairment of Property and Equipment

On March 30, 2001, a \$3.4 million pretax charge was recorded due to the impairment of Hub Group Distribution Services' ("Hub Distribution") e-Logistics software ("e-software"). This e-software was used to process orders relating to the home delivery of large box items purchased over the internet. Management made the decision to exit the internet home delivery business and, in conjunction with this decision, all customer contracts associated with the internet home delivery business were terminated as of March 30, 2001. Consequently, the e-software's fair value was reduced to zero based on the lack of any future cash flows attributable to Hub Distribution's e-Logistics initiative. The Company does not intend to use the software in the future.

NOTE 5. Restructuring Charge

In the fourth quarter of 2000, management approved a plan to restructure the Company's accounting functions and centralize them at its corporate headquarters in Lombard, Illinois. This centralization plan was to result in the reduction of 56 accounting-related positions from the operating companies. All affected employees were informed in mid-November 2000. In connection with this plan, the Company recorded a pre-tax charge of \$250,000 included in salaries and benefits in the fourth quarter of 2000. As of September 30, 2001, \$206,000 had been paid related to the accounting restructuring and thirty-one employees had been terminated. The remaining \$44,000 of accrual was reversed during the third quarter, thereby reducing salaries and benefits expense.

NOTE 6. Derivative Financial Instrument

In June 1998, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 133 ("Statement 133"), "Accounting for Derivative Instruments and Hedging Activities." On January 1, 2001, the Company adopted Statement 133 and recorded the fair value of its interest rate swap of \$79,000, net of related income taxes of \$55,000, as an asset. The transition adjustment to record the asset was included in other comprehensive income.

The Company uses this interest rate swap to manage its exposure to changes in interest rates for its floating rate debt. This interest rate swap qualifies as a cash flow hedge. The interest rate differential to be received or paid on the swap is recognized in the condensed consolidated statements of operations as a reduction or increase in interest expense, respectively. In accordance with the new derivative requirements, the effective portion of the change in the fair value of the derivative instrument is recorded in the condensed consolidated balance sheets as a component of current assets or liabilities and other comprehensive income. The ineffective portion of the change in the fair value of the derivative instrument, along with the gain or loss on the hedged item, is recorded in earnings and reported in the condensed consolidated statements of operations, on the same line as the hedged item.

For the nine months ended September 30, 2001, the Company adjusted its derivative financial instrument to fair value which resulted in an unrealized loss of \$519,000, net of the related income tax benefit of \$361,000. This adjustment is included in other comprehensive loss.

NOTE 7. Bad Debt Write-off

During September 2001, the Company recognized bad debt expense which is included in selling, general and administrative expense in the accompanying condensed consolidated statements of operations in the amount of \$4.7 million related to a Korean steamship line customer ("Customer"). The Customer filed for reorganization under the Corporate Reorganization Act of Korea in May 2001 and has subsequently been forced into liquidation by the Korean courts. According to court filings, the Customer does not have adequate funds to pay its secured creditors. The Company, as an unsecured creditor, was notified by the trustee appointed by the court during September 2001 that it should not expect to recover any funds from the Customer.

NOTE 8. Recent Accounting Pronouncements

On June 30, 2001, the Financial Accounting Standards Board ("FASB") issued Statement No. 141, "Business Combinations"("Statement 141"). Under Statement 141, all business combinations initiated after June 30, 2001 must be accounted for using the purchase method of accounting. Use of the pooling-of-interests method will be prohibited. Additionally, Statement 141 requires that certain intangible assets that can be identified and named be recognized as assets apart from goodwill. Statement 141 is effective for all business combinations initiated after June 30, 2001.

On June 30, 2001, the FASB issued Statement No. 142, "Goodwill and Other Intangible Assets" ("Statement 142"). Under Statement 142, goodwill and intangible assets that have indefinite useful lives will not be amortized but rather will be tested at least annually for impairment. Intangible assets that have finite useful lives will continue to be amortized over their useful lives. The Company will adopt Statement 142 as of January 1, 2002 for goodwill and other intangible assets acquired prior to June 30, 2001. As of September 30, 2001, goodwill, net of accumulated amortization, is \$209.6 million and amortization expense for the nine months ended September 30, 2001 is \$4.3 million. Except as set forth in Outlook, Risks and Uncertainties - Amortization of Goodwill, the Company has not yet fully determined the impact that Statement 142 will have on the Company's financial condition or results of operations.

In August 2001, the FASB issued Statement No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("Statement 144") which supercedes Statement No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of." Statement 144 created one accounting model for long-lived assets to be disposed of by sale that applies to all long-lived assets, including discontinued operations, and replaces the provisions of Accounting Principles Board Opinion No. 30, "Reporting Results of Operations--Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual, and Infrequently Occurring Events and Transactions", for the disposal of segments of a business. Statement 144 requires that those long-lived assets be measured at the lower of carrying amount or fair value less cost to sell, whether reporting in continuing operations or in discontinued operations. The provisions of Statement 144 are effective for financial statements issued for fiscal years beginning after December 15, 2001 and,

generally, are to be applied prospectively. The Company does not expect this statement to have a material impact on its statements of financial condition or results of operations.

HUB GROUP, INC.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

RESULTS OF OPERATIONS

THREE MONTHS ENDED SEPTEMBER 30, 2001 COMPARED TO THE THREE MONTHS ENDED SEPTEMBER 30, 2000

REVENUE

Revenue for Hub Group, Inc. (the "Company") decreased 8.9% to \$323.0 million in 2001 from \$354.8 million in 2000. Overall, management believes that a soft economy has negatively impacted the current year growth. Intermodal revenue decreased 14.9% from 2000. The decline in intermodal revenue was primarily due to a \$31.8 million reduction in demand for intermodal service from the Company's steamship customers. Two large steamship customers ceased doing business with the Company in the second quarter of 2001. While one steamship customer has terminated operations worldwide, the other has changed its method of business. Truckload brokerage revenue increased 4.7% from 2000. Logistics revenue, which includes revenue from the Company's supply chain solutions services and revenue from Hub Group Distribution Services ("Hub Distribution"), increased 9.7% compared to 2000. This increase was primarily due to significant growth from the Company's supply chain solutions business.

GROSS MARGIN

Gross margin increased 0.8% to \$44.6 million in 2001 from \$44.2 million in 2000. As a percent of revenue, gross margin increased to 13.8% from 12.5% in 2000. The increase in gross margin as a percent of revenue is primarily due to the increase in the intermodal gross margin percentage resulting primarily from the loss of the high volume, lower margin steamship business.

SALARIES AND BENEFITS

Salaries and benefits decreased 4.8% to \$23.5 million in 2001 from \$24.6 million in 2000. As a percentage of revenue, salaries and benefits increased to 7.3% from 6.9% in 2000. The increase as a percentage of revenue is due to the decrease in revenue.

SELLING, GENERAL AND ADMINISTRATIVE

Selling, general and administrative expenses increased 45.2% to \$17.0 million in 2001 from \$11.7 million in 2000. As a percentage of revenue, these expenses increased to 5.3% from 3.3% in 2000. The increase as a percentage of revenue is primarily attributed to a \$4.7 million write-off associated with the bankruptcy and forced liquidation of a Korean steamship line customer and the decrease in the Company's revenue.

DEPRECIATION AND AMORTIZATION OF PROPERTY AND EQUIPMENT

Depreciation and amortization increased 42.4% to \$2.1 million in 2001 from \$1.5 million in 2000. This expense as a percentage of revenue increased to 0.7% from 0.4% in 2000. The increase in depreciation and amortization is due to the depreciation of software applications placed into service throughout 2000 and 2001.

AMORTIZATION OF GOODWILL

OTHER INCOME (EXPENSE)

Interest expense decreased 5.2% to $2.4 \, \text{million}$ in 2001 from 2.6 million in 2000. The decrease in interest expense is due primarily to lower interest rates.

Interest income remained constant at \$0.2 million in both periods.

MINORITY INTEREST

Minority interest increased to \$0.3 million in 2001 from \$0.0 million in 2000. Minority interest represents the 35% minority interest in Hub Distribution.

INCOME TAXES

The (benefit from)/provision for income taxes decreased to \$(0.8) million in 2001 from \$1.1 million in 2000. The Company recorded an income tax benefit and provision using an effective rate of 41% in 2001 and 2000, respectively.

NET INCOME/(LOSS)

The Company incurred a net loss of \$(1.1) million in 2001 compared to net income of \$1.6 million in 2000.

EARNINGS/(LOSS) PER SHARE

Basic and diluted loss per common share was \$(0.14) in 2001 compared to earnings per share of \$0.20 in 2000.

NINE MONTHS ENDED SEPTEMBER 30, 2001 COMPARED TO THE NINE MONTHS ENDED SEPTEMBER 30, 2000

REVENUE

Revenue for the Company decreased 4.0% to \$987.0 million in 2001 from \$1,027.7 million in 2000. Overall, management believes that a soft economy has negatively impacted the current year growth. Intermodal revenue decreased 8.5% from 2000. In addition to a soft economy, the decline in intermodal revenue was primarily due to a \$33.2 million reduction in demand for intermodal service from the Company's steamship customers. Two large steamship customers ceased doing business with the Company in the second quarter. While one steamship customer has terminated operations worldwide, the other has changed its method of business. Truckload brokerage revenue remained flat in comparison to 2000. Logistics revenue, which includes revenue from the Company's supply chain solutions services and revenue from Hub Distribution, increased 17.8% compared to 2000. This increase was primarily due to significant growth from the Company's supply chain solutions business.

GROSS MARGIN

Gross margin increased 6.0% to \$135.9 million in 2001 from \$128.3 million in 2000. As a percent of revenue, gross margin increased to 13.8% from 12.5% in 2000. The increase in gross margin as a percent of revenue is primarily due to two significant factors. First, gross margin for intermodal improved due primarily to the loss of the high volume, lower margin steamship business. Second, Hub Distribution experienced an unusually strong gross margin percentage due to some one-time installation projects and an amendment to a contract with one of its customers. This amendment allowed for a rate increase back to the beginning of the current contract year.

SALARIES AND BENEFITS

Salaries and benefits decreased 0.4% to \$71.7 million in 2001 from \$72.0 million in 2000. As a percentage of revenue, salaries and benefits increased to 7.3% from 7.0% in 2000. The increase as a percentage of revenue is primarily attributed to the decrease in revenue.

SELLING, GENERAL AND ADMINISTRATIVE

Selling, general and administrative expenses increased 21.7% to \$41.5 million in 2001 from \$34.1 million in 2000. As a percentage of revenue, these expenses increased to 4.2% from 3.3% in 2000. The increase as a percentage of revenue is primarily attributed to a \$4.7 million write-off associated with the bankruptcy and forced liquidation of a Korean steamship line customer, increased expenditures related to information systems and to the decrease in revenue. Information systems costs increased, in part, due to the leasing of computer hardware required to support newly developed software applications, data communication costs and costs associated with the outsourced data center.

DEPRECIATION AND AMORTIZATION OF PROPERTY AND EQUIPMENT

Depreciation and amortization increased 107.7% to \$8.1 million in 2001 from \$3.9 million in 2000. This expense as a percentage of revenue increased to 0.8% from 0.4% in 2000. The increase in depreciation and amortization is due in part to the depreciation of software applications placed into service throughout 2000 and 2001. Additionally, during the first half of the year, the Company recognized \$1.5 million in additional depreciation due primarily to a change in estimated useful lives for various assets. Of this amount, \$0.9 million relates to various assets, that in December 2000, were determined to be no longer useful once the Company's new operating system was completed. The remaining \$0.6 million of additional depreciation relates to the Company's decision to accelerate depreciation for a piece of communications software that was replaced with a more stable and cost effective software application during the second quarter of 2001.

AMORTIZATION OF GOODWILL

Amortization of goodwill remained constant at \$4.3 million in both 2001 and 2000.

IMPAIRMENT OF PROPERTY AND EQUIPMENT

The \$3.4 million impairment charge in 2001 was due to Hub Distribution's exit from its initiative surrounding the home delivery of large box items purchased over the internet.

OTHER INCOME (EXPENSE)

Interest expense decreased 9.0% to \$7.8 million in 2001 from \$8.6 million in 2000. The decrease in interest expense is due primarily to carrying a lower average debt balance this year as compared to the prior year and lower interest rates.

Interest income decreased to 0.5 million in 2001 from 0.6 million in 2000.

Other income/(expense) decreased to (0.2) million in 2001 from 0.2 million in 2000. The change is due primarily to a 0.4 million loss on the disposal of a piece of software in 2001.

MINORITY INTEREST

Minority interest increased to \$0.7 million in 2001 from \$0.1 million in 2000. Minority interest represents the 35% minority interest in Hub Distribution.

INCOME TAXES

The (benefit from)/provision for income taxes decreased to (0.5) million in 2001 from 2.5 million in 2000. The Company recorded an income tax benefit and provision using an effective rate of 41% in 2001 and 2000, respectively.

NET INCOME/(LOSS)

The Company incurred a net loss of (0.7) million in 2001 compared to net income of \$3.5 million in 2000.

EARNINGS/(LOSS) PER SHARE

Basic and diluted loss per common share was (0.09) in 2001 compared to earnings per share of \$0.46 in 2000.

LIQUIDITY AND CAPITAL RESOURCES

In order to minimize net financing costs, the Company intentionally maintains low cash balances by using available cash to reduce borrowings. The Company has funded its operations and capital expenditures through cash flows from operations and bank borrowings.

Cash provided by operating activities for the nine months ended September 30, 2001, was approximately \$6.8 million, which resulted primarily from net income from operations before non-cash charges of \$16.2 million offset by a net decrease in working capital of \$9.4 million. The decrease in working capital resulted primarily from a temporary increase in accounts receivable days sales outstanding due to related issues from the implementation of a new billing system.

Net cash used in investing activities for the nine months ended September 30, 2001, was \$8.5 million related to capital expenditures. The capital expenditures were principally made to enhance the Company's information system capabilities. The most significant project relates to a customized operating system.

The net cash provided by financing activities for the nine months ended September 30, 2001, was \$1.7 million. This was comprised of \$12.0 million of borrowings on the Company's line of credit offset by \$10.3 million of scheduled payments on the Company's term debt, installment notes and capital leases.

The Company maintains a multi-bank credit facility. The facility was originally comprised of \$50.0 million in term debt and a \$50.0 million revolving line of credit. At September 30, 2001, there was \$37.0 million of outstanding term debt and \$36.0 million outstanding and \$14.0 million unused and available under the line of credit. Borrowings under the line of credit are unsecured and have a five-year term that began on April 30, 1999, with a floating interest rate based upon the LIBOR (London Interbank Offered Rate) or Prime Rate. The term debt has quarterly payments ranging from \$1,250,000 to \$2,000,000 with a balloon payment of \$19.0 million due on March 31, 2004.

On March 30, 2001, the Company executed an amendment of its unsecured \$50.0 million term debt and the \$50.0 million five-year revolving line of credit agreement. The amendment modifies the definition of EBITDAM (earnings before interest expense, income taxes, depreciation, amortization and minority interest) slightly, extending the date for adding back certain non-cash charges. Effective September 30, 2001, the Company executed an additional amendment, allowing the \$4.7 million of customer bad debt write-off from a Korean steamship line to be added back for the purpose of calculating EBITDAM at September 30, 2001. All other provisions of the existing credit facility remained unchanged. The Company was in compliance with the amended financial covenants that were effective as of September 30, 2001.

The Company maintains \$50.0 million of private placement debt (the "Notes"). These Notes are unsecured and have an eight-year average life. Interest is paid quarterly. These Notes mature on June 25, 2009, with annual

payments of \$10.0 million commencing on June 25, 2005.

On March 30, 2001, the Company executed an amendment to the Notes. This amendment modifies the definition of EBITDAM slightly, extending the date for adding back certain non-cash charges. Effective September 30, 2001, the Company executed an additional amendment, allowing the \$4.7 million of customer bad debt write-off from a Korean steamship line to be added back for the purpose of calculating EBITDAM at September 30, 2001. All other provisions of the Notes agreement remained unchanged. The Company was in compliance with the amended financial covenants that were effective as of September 30, 2001.

RECENT ACCOUNTING PRONOUNCEMENTS

On June 30, 2001, the Financial Accounting Standards Board ("FASB") issued Statement No. 141, "Business Combinations"("Statement 141"). Under Statement 141, all business combinations initiated after June 30, 2001 must be accounted for using the purchase method of accounting. Use of the pooling-of-interests method will be prohibited. Additionally, Statement 141 requires that certain intangible assets that can be identified and named be recognized as assets apart from goodwill. Statement 141 is effective for all business combinations initiated after June 30, 2001.

On June 30, 2001, the FASB issued Statement No. 142, "Goodwill and Other Intangible Assets" ("Statement 142"). Under Statement 142, goodwill and intangible assets that have indefinite useful lives will not be amortized but rather will be tested at least annually for impairment. Intangible assets that have finite useful lives will continue to be amortized over their useful lives. The Company will adopt Statement 142 as of January 1, 2002 for goodwill and other intangible assets acquired prior to June 30, 2001. As of September 30, 2001, goodwill, net of accumulated amortization, was \$209.6 million and amortization expense for the nine months ended September 30, 2001 was \$4.3 million. Except as set forth in Outlook, Risks and Uncertainties - Amortization of Goodwill, the Company has not yet fully determined the impact that Statement 142 will have on the Company's financial condition or results of operations.

In August 2001, the FASB issued Statement No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("Statement 144") which supercedes Statement No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of." Statement 144 created one accounting model for long-lived assets to be disposed of by sale that applies to all long-lived assets, including discontinued operations, and replaces the provisions of Accounting Principles Board Opinion No. 30, "Reporting Results of Operations--Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual, and Infrequently Occurring Events and Transactions", for the disposal of segments of a business. Statement 144 requires that those long-lived assets be measured at the lower of carrying amount or fair value less cost to sell, whether reporting in continuing operations or in discontinued operations. The provisions of Statement 144 are effective for financial statements issued for fiscal years beginning after December 15, 2001 and, generally, are to be applied prospectively. The Company does not expect this statement to have a material impact on its statements of financial condition or results of operations.

OUTLOOK, RISKS AND UNCERTAINTIES

Except for historical data, the information contained in this Quarterly Report constitutes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are inherently uncertain and subject to risks. Such statements should be viewed with caution. Actual results or experience could differ materially from the forward-looking statements as a result of many factors. Forward-looking statements in this report include, but are not limited to, those contained in this "Outlook, Risks and Uncertainties" section regarding expectations, hopes, beliefs, estimates, intentions or strategies regarding the future. The Company assumes no liability to update any such forward-looking statements. In addition to those mentioned elsewhere in this section, such risks and uncertainties include the impact of competitive pressures in the marketplace, including the entry of new, web-based competitors and direct marketing efforts by the railroads, the degree and rate of market growth in the intermodal, brokerage and logistics markets served by the Company, changes in rail and truck capacity,

further consolidation of rail carriers, deterioration in relationships with existing rail carriers, rail service conditions, changes in governmental regulation, adverse weather conditions, fuel shortages, changes in the cost of services from rail, drayage and other vendors and fluctuations in interest rates.

AMORTIZATION OF GOODWILL

The Company will adopt FASB Statement 142 as of January 1, 2002. As a result of this new standard, goodwill and intangible assets that have indefinite useful lives will not be amortized but rather will be tested at least annually for impairment. In conjunction with Statement 142, the Company will cease amortizing its goodwill, which the Company expects will result in approximately \$5.7 million of reduced amortization expense on an annual basis beginning in 2002. The Company will also, at a minimum, test annually for impairment. Should the Company determine that its goodwill is impaired in the context of Statement 142, the goodwill will be adjusted to reflect its fair value and a corresponding charge to earnings would result.

LIQUIDITY AND CAPITAL RESOURCES

The Company believes that cash to be provided by operations, cash available under its line of credit and the Company's ability to obtain additional credit will be sufficient to meet the Company's short-term working capital and capital expenditure needs. The Company believes that the aforementioned items are sufficient to meet its anticipated long-term working capital, capital expenditure and debt repayment needs.

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company is exposed to market risk related to changes in interest rates which may adversely affect its results of operations and financial condition. The Company seeks to minimize the risk from interest rate volatility through its regular operating and financing activities and, when deemed appropriate, through the use of derivative financial instruments. The Company does not use financial instruments for trading purposes.

The Company has both fixed and variable rate debt as described in Note 8 of the Company's Form 10-K filed for the year ended December 31, 2000. The Company has entered into an interest rate swap agreement designated as a hedge on a portion of the Company's variable rate debt. The purpose of the swap is to fix the interest rate on a portion of the variable rate debt and reduce certain exposures to interest rate fluctuations. At September 30, 2001, the Company had an interest rate swap with a notional amount of \$25.0 million, a weighted average pay rate of 7.87%, a weighted average receive rate of 4.84% and a maturity date of September 30, 2002. This swap agreement involves the exchange of amounts based on the variable interest rate for amounts based on the fixed interest rate over the life of the agreement, without an exchange of the notional amount upon which the payments are based. The differential to be paid or received as interest rates change is accrued and recognized as an adjustment of interest expense related to the debt.

The main objective of interest rate risk management is to reduce the total funding cost to the Company and to alter the interest rate exposure to the desired risk profile.

to

NOTE PURCHASE AGREEMENTS Dated as of June 15, 1999

Re: \$50,000,000 8.64% Senior Notes Due June 25, 2009

THIRD AMENDMENT TO NOTE PURCHASE AGREEMENTS

THIS THIRD AMENDMENT dated as of November 8, 2001 (the or this "THIRD AMENDMENT") to the Note Purchase Agreements each dated as of June 15, 1999, as amended by the First Amendment to Note Purchase Agreements dated as of February 26, 2001 and the Second Amendment to Note Purchase Agreements dated as of March 30, 2001, is between HUB GROUP, INC., a Delaware corporation ("PUBLIC HUB COMPANY"), HUB CITY TERMINALS, INC., a Delaware corporation, for itself and as successor by merger to Hub Holdings, Inc. ("HUB CHICAGO"; Public Hub Company and Hub Chicago being individually referred to herein as an "OBLIGOR" and collectively as the "OBLIGORS"), and each of the institutions which is a signatory to this Third Amendment (collectively, the "NOTEHOLDERS").

RECITALS:

A. The Obligors and each of the Noteholders have heretofore entered into separate and several Note Purchase Agreements each dated as of June 15, 1999 (as amended by the First Amendment to Note Purchase Agreements dated as of February 26, 2001 and the Second Amendment to Note Purchase Agreements dated as of March 30, 2001, collectively, the "NOTE PURCHASE AGREEMENTS"). The Obligors have heretofore issued the \$50,000,000 8.64% Senior Notes Due June 25, 2009 (the "NOTES") dated June 25, 2000 pursuant to the Note Purchase Agreements.

B. The Obligors and the Noteholders now desire to amend the Note Purchase Agreements in the respects, but only in the respects, hereinafter set forth.

C. Capitalized terms used herein shall have the respective meanings ascribed thereto in the Note Purchase Agreements unless herein defined or the context shall otherwise require.

D. All requirements of law have been fully complied with and all other acts and things necessary to make this Third Amendment a valid, legal and binding instrument according to its terms for the purposes herein expressed have been done or performed.

NOW, THEREFORE, upon the full and complete satisfaction of the conditions precedent to the effectiveness of this Third Amendment set forth in SECTION 3.1 hereof, and in consideration of good and valuable consideration the receipt and sufficiency of which is hereby acknowledged, the Obligors and the Noteholders do hereby agree as follows:

SECTION 1. AMENDMENTS.

SECTION 1.1. The definition of "CONSOLIDATED EBITDA" appearing in Schedule B to the Note Purchase Agreements shall be amended and restated in its entirety to read as follows: "CONSOLIDATED EBITDA" for any period means the sum of (a) Consolidated Net Income during such period PLUS (to the extent deducted in determining Consolidated Net Income), (b) all provisions for any Federal, state or local income taxes made by the Public Hub Company and the Restricted Subsidiaries during such period, (c) all provisions for depreciation and amortization (other than amortization of debt discount) made by the Public Hub Company and the Restricted Subsidiaries during such period, (d) Consolidated Interest Expense during such period, (e) Minority Interest Expense, (f) if such period includes the fiscal quarters of the Public Hub Company ending on December 31, 2000 or March 31, 2001, non-cash charges during such quarters on the books of the Public Hub Company and its Restricted Subsidiaries in accordance with GAAP aggregating up to \$5,100,000 (for both such quarters taken together), (g) all other non-cash charges during such period on the books of the Public Hub Company and its Restricted Subsidiaries in accordance with GAAP to the extent the aggregate amount of such other non-cash charges do not exceed \$2,500,000 during any period of four consecutive fiscal quarters of the Public Hub Company (prorated appropriately downward (or upward) for any shorter (or longer) period), (h) if such period includes the fiscal quarters of the Public Hub Company ending on December 31, 2000 March 31, 2001 or June 30, 2001, severance payments made during such quarters aggregating up to \$1,200,000 (for all such quarters taken together), (i) if such period includes the fiscal quarters of the Public Hub Company ending on March 31, 2001, June 30, 2001, September 30, 2001 or December 31, 2001, severance payments (in addition to those accounted for in clause (h) above) made during such quarters aggregating up to \$600,000 (for all four such quarters taken together) and (j) if such period includes the fiscal quarter of the Public Hub Company ending on September 30, 2001, the write-off of the receivable due from Cho Yang Shipping Co., Ltd. during such quarter on the books of the Public Hub Company and its Restricted Subsidiaries in an amount not in excess of \$4,740,000. For purposes of calculations under SECTION 10.3, Consolidated EBITDA shall be adjusted for the period in respect of which any such calculation is being made to give effect to (i) the audited "EBITDA" (determined in a manner consistent with the definition of "Consolidated EBITDA" contained in this Agreement) of any business entity acquired by the Public Hub Company or any Restricted Subsidiary (the "ACQUIRED BUSINESS") and (ii) all Debt incurred by the Public Hub Company or any Restricted Subsidiary in connection with such acquisition, and shall be computed as if the Acquired Business had been a Restricted Subsidiary throughout the period and all Debt incurred in connection with such acquisition had been incurred at the beginning of such period in respect of which such calculation is being made. Without limiting the foregoing, Consolidated EBITDA shall also be adjusted for the period in respect of which any such calculation is being made to eliminate (1) the audited "EBITDA" of any Subsidiary or other property or assets disposed of by the Public Hub Company or any Restricted Subsidiary (the "TRANSFERRED BUSINESS") and (2) Debt relating to such Subsidiary, property or assets, as the case may be, and shall be computed as if the Transferred Business had been transferred at the beginning of such period in respect of which such calculation is being made. In the case of any business entity acquired during the twelve

calendar month period immediately preceding the date of any determination hereunder whose financial records are not, and are not required to be in accordance with applicable laws, rules and regulations, audited by the Public Hub Company's independent public accountants at the time of the acquisition thereof, the Public Hub Company shall base such determination upon the Public Hub Company's internally audited net earnings of such business entity for the immediately preceding fiscal year or the net earnings of such business entity as audited by such business entity's independent auditors for the immediately preceding fiscal year.

SECTION 2.1. To induce the Noteholders to execute and deliver this Third Amendment (which representations shall survive the execution and delivery of this Third Amendment), the Obligors, jointly and severally, represent and warrant to the Noteholders that:

> (a) this Third Amendment has been duly authorized, executed and delivered by each Obligor and this Third Amendment constitutes the legal, valid and binding obligation, contract and agreement of each Obligor enforceable against it in accordance with its terms, except as enforcement may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws or equitable principles relating to or limiting creditors' rights generally;

> (b) the Note Purchase Agreements, as amended by this Third Amendment, constitute the legal, valid and binding obligations, contracts and agreements of the Obligors enforceable against them in accordance with their respective terms, except as enforcement may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws or equitable principles relating to or limiting creditors' rights generally;

> (c) the execution, delivery and performance by the Obligors of this Third Amendment (i) has been duly authorized by all requisite corporate action and, if required, shareholder action, (ii) does not require the consent or approval of any governmental or regulatory body or agency, and (iii) will not (A) violate (1) any provision of law, statute, rule or regulation or its certificate of incorporation or bylaws, (2) any order of any court or any rule, regulation or order of any other agency or government binding upon it, or (3) any provision of any material indenture, agreement or other instrument to which any Obligor is a party or by which any Obligor's properties or assets are or may be bound, including, without limitation, the Credit Agreement dated as of April 30, 1999, among the Obligors, the Lenders party thereto and Harris Trust and Savings Bank, individually and as Agent, and all amendments, supplements and modifications thereto, or (B) result in a breach or constitute (alone or with due notice or lapse of time or both) a default under any indenture, agreement or other instrument referred to in CLAUSE (III)(A)(3) of this SECTION 2.1(C);

> (d) as of the date hereof and after giving effect to this Third Amendment, no Default or Event of Default has occurred which is continuing;

(e) all the representations and warranties contained in Section 5 of the Note Purchase Agreements (other than those contained in Sections 5.3, 5.4(a), 5.4(b) and 5.9) are true and correct in all material respects with the same force and effect as if made by the Obligors on and as of the date hereof (other than any representation and warranty that expressly relates to a specified earlier date, which was true and correct in all material respects as of such date); PROVIDED, THAT, notwithstanding any reference in Sections 5.4(c) and 5.4(d) of the Note Purchase Agreements to the Restricted Subsidiaries listed on Schedule 5.4 to the Note Purchase Agreements, the

representations and warranties hereby made by the Obligors with reference to Sections 5.4(c) and 5.4(d) of the Note Purchase Agreements shall relate to the Restricted Subsidiaries existing on the date hereof;

(f) the statements and information furnished to the Noteholders in connection with the negotiation of this Amendment do not, taken as a whole, and other than financial projections or forecasts, contain any untrue statements of a material fact or omit a material fact necessary to make the material statements contained herein or therein not misleading, the Noteholders acknowledging that as to any projections furnished to the Noteholders, the Obligors and the Constituent Company Guarantors only represent that the same were prepared on the basis of information and estimates the Obligors believed to be reasonable; and
