PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Hub Group, Inc., a Delaware corporation ("Hub Group" or the "Company"), of proxies for use at the 2003 Annual Meeting of Stockholders of the Company to be held on Tuesday, May 13, 2003, and any adjournment thereof (the "Annual Meeting"). This Proxy Statement and accompanying form of proxy are first being sent to stockholders on or about April 11, 2003.

The Company's Class A common stock, \$.01 par value (the "Class A Common Stock"), and the Class B common stock, \$.01 par value (the "Class B Common Stock," together with the Class A Common Stock, the "Common Stock"), are the only issued and outstanding classes of stock. Only stockholders of record at the close of business on March 31, 2003 (the "Record Date"), are entitled to notice of and to vote at the Annual Meeting. As of the Record Date, the Company had 7,046,250 shares of Class A Common Stock (each a "Class A Share") and 662,296 shares of Class B Common Stock (each a "Class B Share," and collectively with the Class A Shares, the "Shares") outstanding and entitled to vote.

VOTING RIGHTS AND PROCEDURES

Shares represented by an effective proxy given by a stockholder will be voted as directed by the stockholder. If a properly signed proxy form is returned to the Company and one or more proposals are not marked, it will be voted in accordance with the recommendation of the Board of Directors on all such proposals. A stockholder giving a proxy may revoke it at any time prior to the voting of the proxy by giving written notice to the Secretary of the Company, by executing a later dated proxy or by attending the Annual Meeting and voting in person.

Each Class A Share is entitled to one (1) vote and each Class B Share is entitled to twenty (20) votes. The holders of Shares having a majority of the votes which could be cast by the holders of all Shares, present in person or represented by proxy, will constitute a quorum at the Annual Meeting. Abstentions will be treated as Shares that are present and entitled to vote for purposes of determining the presence of a quorum. If a broker indicates on the proxy that it does not have discretionary authority as to certain Shares to vote on a particular matter, those Shares will be considered as present and entitled to vote for purposes of determining the presence of a quorum. As of March 28, 2003, the Yeager family members own all 662,296 shares of Class B Common Stock and 789,400 shares of Class A Common Stock. Consequently, the Yeager family controls approximately 69% of the voting power of the Company on all matters presented for stockholder action. The Yeager family members are parties to a stockholders' agreement, pursuant to which they have agreed to vote all of their shares of Class B Common Stock in accordance with the vote of the holders of a majority of such shares.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the election inspectors appointed for the meeting and such election inspectors will determine whether or not a quorum is present.

The Board of Directors knows of no matters to be presented at the Annual Meeting other than those set forth in the Notice of 2003 Annual Meeting of Stockholders enclosed herewith. However, if any other matters do come before the meeting, it is intended that the holders of the proxies will vote thereon in their discretion. Any such other matter will require for its approval the affirmative vote of the holders of Shares having a majority of the votes present in person or represented by proxy at the Annual Meeting, provided a quorum is present, or such greater vote as may be required under the Company's Certificate of Incorporation, the Company's By-laws or applicable law. A list of stockholders as of the record date will be available for inspection at the Annual Meeting and for a period of ten days prior to the Annual Meeting at the Company's offices in Downers Grove.

ELECTION OF DIRECTORS

The number of directors of the Company, as determined by the Board of Directors under Article III of the Company's By-laws, is currently six. Each director holds office until his or her successor is elected and qualified or until his or her earlier death, resignation, retirement, disqualification or removal.

The nominees for whom the enclosed proxy is intended to be voted are set forth below. Each nominee for election as director currently serves as a director of the Company. It is not contemplated that any of these nominees will be unavailable for election, but if such a situation should arise, the proxy will be voted in accordance with the best judgment of the proxyholder for such person or persons as may be designated by the Board of Directors unless the stockholder has directed otherwise.

Directors are elected by a plurality of the votes cast at the Annual Meeting, provided a quorum is present. The outcome of the election is not affected by abstentions or the withholding of authority to vote in the election, or by broker non-votes. Stockholders are not allowed to cumulate their votes in the election of directors.

If a stockholder desires to nominate persons for election as directors at the next Annual Meeting of Stockholders written notice of such stockholder's intent to make such a nomination must be given and received by the Secretary of the Company at the principal executive offices of the Company either by personal delivery or by United States mail no earlier than February 13, 2004 nor later than March 14, 2004. Each notice must describe the nomination in sufficient detail for the nomination to be summarized on the agenda for the meeting and must set forth: (i) the name and address, as it appears on the books of the Company, of the stockholder making the nomination, (ii) a representation that the stockholder is a holder of record of stock in the Company entitled to vote at the annual meeting of stockholders and intends to appear in person or by proxy at the meeting to present the nomination, (iii) a statement of the class and number of shares beneficially owned by the stockholder, (iv) the name and address of any person to be nominated, (v) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder, (vi) such other information regarding such nominee proposed by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission (the "Commission"), and (vii) the consent of such nominee to serve as a director of the Company if elected. The presiding officer of the annual meeting of stockholders will, if the facts warrant, refuse to acknowledge a nomination not made in compliance with the foregoing procedure, and any such nomination not properly brought before the meeting will not be considered.

BOARD OF DIRECTORS COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee approves the policies under which compensation is paid or awarded to the Company's executive officers. The Compensation Committee consists of the three independent members of the Board.

In September 2001, the Board of Directors commissioned a third party to conduct a study of the Company's compensation program. This study included a survey of compensation practices in the transportation industry using a broad sample of companies within the industry. This independent study was used as the benchmark to determine competitive compensation ranges for senior executives. The Compensation Committee implemented certain recommendations from the independent study and, using this study, determined the compensation structure for 2002. The Compensation Committee intends to have a third party periodically conduct an independent study of compensation practices in the transportation industry to update the Company's benchmark of competitive compensation ranges for senior executives.

The 2002 Compensation structure approved by the Compensation Committee was based on the following philosophy:

COMPENSATION PHILOSOPHY

The Company's compensation philosophy is designed to link executive performance to long-term stockholder value, connect pay with individual performance, maintain a compensation system that is competitive with the industry standards and attract and retain outstanding executives.

DESCRIPTION OF COMPENSATION PROGRAMS

The Company's executive compensation program has three components--base salary, annual incentives, and long-term incentives. Base salary and annual incentives are primarily designed to reward current and past performance. Long-term incentives are primarily designed to provide strong incentives for long-term future Company growth.

BASE SALARY To attract and retain qualified executives, base salary is determined using competitive criteria within the transportation industry. Salary increases are based on individual performance and, to a lesser extent, trends within the industry.

ANNUAL INCENTIVE The Company's bonus plan recognizes and rewards executives for taking actions that build the value of the Company, generate competitive total returns for stockholders, and provide value-added solutions for the Company's customers. For most executive officers, bonus compensation is based on individual performance and Company performance. The component of the bonus based on individual performance is conditioned on the individual meeting certain pre-determined objectives and the component of the bonus based on Company performance is based on the Company meeting certain performance goals.

LONG-TERM INCENTIVES The Company's Long-Term Incentive Program serves to reward executive performance that successfully executes the Company's long-term business strategy and builds stockholder value. The program allows for the awarding of options and stock appreciation rights, restricted stock and performance units.

SECTION 162(M) COMPENSATION COMMITTEE REPORT DISCLOSURE

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") limits the Company's deduction for compensation paid to the executive officers named in the Summary Compensation Table to \$1 million unless certain requirements are met. The policy of the Committee with respect to section 162(m) is to establish and maintain a compensation program which will optimize the deductibility of compensation. In that regard, no executive officer received compensation in excess of \$1 million during fiscal year 2002. The Committee, however, reserves the right to use its judgment, where merited by the Committee's need to respond to changing business conditions or by an executive officer's individual performance, to authorize compensation which may not, in a specific case, be fully deductible to the Company.

COMPENSATION ADMINISTRATION

The Compensation Committee will follow an annual cycle to administer each of the three components of executive compensation. The independent study of competitive compensation practices within the transportation industry will continue to be used as the benchmark to determine competitive compensation ranges for senior executives. Individual performance and contribution to the achievement of strategic objectives will be considered in the determination of annual compensation for each executive. The integrity of the Company's compensation program relies on an annual performance evaluation process.

DISCUSSION OF CEO COMPENSATION

Consistent with the Company's compensation philosophy, the Compensation Committee approved Mr. David P. Yeager's total compensation during fiscal year 2002. Mr. Yeager's base salary was based on overall performance of the Company, on relative levels of compensation for CEOs within the benchmark companies in the transportation industry and on individual performance related to strategic objectives. Mr. Yeager's incentive compensation was based on achievement of goals relating to the Company's earnings per share target.

For 2001, the Compensation Committee approved a package allowing Mr. Yeager to potentially earn \$952,561, or five percent more than 2000, with \$539,123 in the form of salary and \$413,438 in the form of bonus if the Company met its goals for the year. For 2002, the Compensation Committee approved a package allowing Mr. Yeager to potentially earn \$970,000, with \$485,000 in the form of salary and \$485,000 in the form of bonus if the Company met its goals for the year. Mr. Yeager's 2002 salary represents a decrease of \$54,123 from the amount that he would have otherwise received in order to enable the Company to lease certain assets, which Mr. Yeager used for personal purposes from time to time in 2002.

Mr. Yeager was paid his salary of \$485,000 during 2002 but received no bonus because the Company did not meet its earnings per share goal.

COMPENSATION COMMITTEE,

Gary D. Eppen
Charles R. Reaves
Martin P. Slark

AUDIT COMMITTEE REPORT

Each member of the Audit Committee is independent of the Company and its management, as required of audit committee members by the National Association of Securities Dealers listing standards. In June 2000, the Audit Committee adopted and the Board approved a written charter. The charter specifies the scope of the Audit Committee's responsibilities and how it carries out those responsibilities.

The Audit Committee has reviewed and discussed the Company's quarterly and annual audited financial statements with management and with Ernst & Young, LLP, the Company's independent public accountants. The Company has also discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants. The Audit Committee has also received from Ernst & Young LLP the written disclosures required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, by the Independence Standards Board, regarding their independence. The Audit Committee has discussed with Ernst & Young LLP their independence and considered whether the provision of non-audit services referred to under "Independent Public Accountants" on page 14 is compatible with maintaining their independence. Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the December 31, 2002 audited financial statements be included in the Company's Annual Report on Form 10-K for 2002.

CHANGE OF INDEPENDENT ACCOUNTANTS IN 2002

As previously reported, on May 6, 2002, the Company decided to dismiss its independent auditors, Arthur Andersen LLP ("Arthur Andersen"), and to engage Ernst & Young LLP to serve as its new independent auditors for 2002. The change in auditors became effective May 13, 2002. This determination was made by the Company's Audit Committee upon the recommendation of the Company's management.

Arthur Andersen's reports on the Company's consolidated financial statements for each of the years ended December 31, 2001 and December 31, 2000 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During the years ended December 31, 2001 and 2000 and the interim period between December 31, 2001 and May 13, 2002, there were no disagreements between the Company and Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure which, if not resolved to Arthur Andersen's satisfaction, would have caused them to make reference to the subject matter of the disagreement in connection with their report on such years.

In January 2002, the Company learned that its 65% owned subsidiary, Hub Group Distribution Services ("HGDS"), was having difficulties reconciling its general ledger balances for several accounts, including cash, accounts payable and accounts receivable. HGDS is now a wholly owned subsidiary of the Company.

Following an investigation into these problems, the Company determined that HGDS' balance sheets were incorrect in each of 1999, 2000 and 2001. Because HGDS' results were incorporated into the Company's consolidated financial statements, these inaccuracies resulted in the Company's net income being overstated. After completely recreating the financial statements for HGDS for 1999, 2000 and 2001, the Company determined that the Company's 1999 financial results were overstated by \$1.4 million and its 2000 financial results were overstated by \$1.9 million on an after-tax, post-minority interest basis, which the Company reflected by restating the financial results for those years. Additional adjustments were necessary to properly reflect the results of 2001, but since the Company had not yet finalized its results for 2001, the Company did not need to restate its 2001 results. Due to time constraints and cost, the Company did not restate its results on a quarterly basis, therefore the adjustments to properly reflect the Company's results were made in the fourth quarter of each of 1999, 2000 and 2001.

In the early stages of the investigation, Arthur Andersen notified the Company's Audit Committee that there was a material weakness with the internal controls at HGDS. Arthur Andersen also advised the Company that previously issued financial results for the years 1999, 2000 and 2001 and previously issued audit reports for 1999 and 2000 should not be relied upon. Following the Company's restatement of its financial statements for those years, the financial statements were audited by Arthur Andersen. At the conclusion of its audit, Arthur Andersen issued unqualified opinions on the Company's restated financial results for the years 1999, 2000, and 2001. Arthur Andersen was unable to review the quarterly financial data from 2001 and 2000 in accordance with standards established by the American Institute of Certified Public Accountants because the Company did not restate its results on a quarterly basis. The Company announced the restated results for 1999 and 2000 and its results for 2001 in a press release on March 19, 2002.

In addition to the work resulting in the restatement of its 1999 and 2000 financial statements, the Company, with the assistance of outside counsel, conducted an investigation into the cause of the accounting problems at HGDS. The Company has concluded that the accounting problems at HGDS resulted from several factors, including (1) systems problems associated with HGDS' implementation of multiple financial accounting and operating systems; (2) the rapid growth of HGDS' business beginning in late 1998; (3) weaknesses in internal controls at HGDS; and (4) inadequate oversight by the HGDS management. The Company has taken numerous steps to address these problems to ensure that similar accounting problems will not arise in the future.

During the years ended December 31, 2001 and 2000 and through May 13, 2002, neither the Company nor anyone acting on its behalf consulted Ernst and Young LLP with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events listed in Items 304(a)(2)(i) and (ii) of Regulation S-K.

PROXY SOLICITATION EXPENSE

The expense of any proxy solicitation will be paid by the Company. In addition to the solicitation of proxies by use of the mails, solicitation also may be made by telephone, telegraph or personal interview by directors, officers, and regular employees of the Company, none of whom will receive additional compensation for any such solicitation. The Company will, upon request, reimburse brokers, banks, and similar organizations for out-of-pocket and reasonable clerical expenses incurred in forwarding proxy material to their principals.

Proposals of stockholders must be received in writing by the Secretary of the Company at the principal executive offices of the Company no later than December 12, 2003, in order to be considered for inclusion in the Company's proxy statement and form of proxy relating to the next annual meeting of stockholders.

The Company anticipates that its next annual meeting of stockholders will be held in May 2004. If a stockholder desires to submit a proposal for consideration at the next annual meeting of stockholders, written notice of such stockholder's intent to make such a proposal must be given and received by the Secretary of the Company at the principal executive offices of the Company either by personal delivery or by United States mail no earlier than February 13, 2004 nor later than March 14, 2004. Each notice must describe the proposal in sufficient detail for the proposal to be summarized on the agenda for the annual meeting of stockholders and must set forth: (i) the name and address, as it appears on the books of the Company, of the stockholder who intends to make the proposal; (ii) a representation that the stockholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at such meeting to present such proposal; and (iii) the class and number of shares of the Company which are beneficially owned by the stockholder. In addition, the notice must set forth the reasons for conducting such proposed business at the annual meeting of stockholders and any material interest of the stockholder in such business. The presiding officer of the annual meeting of stockholders will, if the facts warrant, refuse to acknowledge a proposal not made in compliance with the foregoing procedure, and any such proposal not properly brought before the annual meeting of stockholders will not be considered.

By order of the Board of Directors,

DAVID C. ZEILSTRA
Vice President, Secretary and General Counsel

Downers Grove, Illinois
